

AVAILABILITY OF MODIFIED TEXT AND DOCUMENT ADDED TO THE RULEMAKING FILE

Pursuant to the requirements of Government Code sections 11346.8(c), and section 44 of Title 1 of the California Code of Regulations, the Department of Consumer Affairs, Bureau of Automotive Repair is proposing changes to the STAR Program, specifically, the STAR Station Certification Application form (STAR-1 07/1/2012) and modifications to the text of sections 3340.1, 3340.16, 3392.3.1, 3392.4, and 3392.5.1 in Title 16 of the California Code of Regulations concerning the *STAR Program*. A copy of the modified text and the updated STAR Station Certification Application form (STAR-1 07/1/2012) is enclosed and is available on the Bureau's Web site at <http://www.smogcheck.ca.gov> or you can request a copy by contacting the person named below.

The changes to regulation text are in response to comments received during the 45-day public comment period for the proposed regulation and to improve the clarity and conciseness of the regulations.

The STAR Station Certification Application form (STAR-1 07/1/2012) has been modified to remove the second page of the application because the STAR qualification requirements are already provided in the proposed regulation text. Listing the requirements in the STAR Station Certification application is redundant and not necessary.

Any person who wishes to comment on the proposed STAR Station Certification Application form (STAR-1 07/1/2012), modifications to the sections 3340.1, 3340.16, 3392.3.1, 3392.4, and 3392.5.1 and/or the *STAR Program*, may do so by submitting **written** comments no later than 5:00 p.m. on July 8, 2011, to the following:

Steven Hall
Bureau of Automotive Repair
